

**Errata corrige**

---

In the article «Changes in the n-alkane composition of avocado pulp oil (*Persea americana*, Miller) during fruit ripening», by A.M. Giuffrè in (*Grasas y Aceites* 56:1 (2005), 75-78), at page 75, in the introduction paragraph, line 20, a phrase was incorrectly printed. The correct phrase is: «A high content of hydrocarbons with chain length  $< C_{29}$  reduces the quality of vegetable oil».
